## POACHING HURTS EVERYONE!

- Poaching is ILLEGAL and is defined as taking or attempting to take an animal without a valid permit, hunting on another person's permit, or attempting to take species that are not indicated on the issued permit.
- Animals taken without a permit are not considered in the management plan, and can harm the overall population. Every animal in the population is important.
- Poaching is not our way!! Poachers may feel that the limits put on hunting are not the Laguna way, but taking animals out of season or without a permit is unethical and against Pueblo Law. Conserve the resources we have been blessed with and allow future generations to enjoy our hunting tradition.
- Repeat poachers can lose Laguna hunting privileges for LIFE!
- Be aware of what is legal and what is not. All hunters are responsible for knowing all rules and regulations before going into the field.
- Questions regarding the hunting proclamation may be directed to the ENRD at (505) 552-7512 or (505) 552-5050.
- **A \$500 award will be offered for information leading to the prosecution of big game poachers.**
